# E-Commerce Policy

Effective June 24, 2024

## **Selling on Amazon is Prohibited**

Outlandish Games exclusively handles all e-commerce through Amazon. Outlandish Games therefore prohibits any other entity from selling on Amazon.com, its affiliates, and any fulfillment-by-Amaon channels without prior and explicit written consent from Outlandish Games.

## **Online Minimum Advertised Price Policy: 15% off the MSRP**

Our Online Minimum Advertised Price Policy, 15% off of the MSRP, applies to all entities advertising Outlandish Games products on any website, app, or any other online platform.

All entities selling Outlandish Games products may not advertise or otherwise promote said products online at a net price (final price paid net of any discounts, coupons and/or promotions) that is less than the Online Minimum Advertised Price policy of 15% off the MSRP established by Outlandish Games.

If an entity violates this Online Minimum Advertised Price Policy, Outlandish Games will request the entity cease advertising and/or promoting any products that violate the policy. Outlandish Games will cease to accept and /or ship orders to said entity.
